

Better **Science** - For People & Animals

We facilitate collaborative 3Rs working groups
& unite end-users, tech providers, & regulators
under one cause.

Goals & Projects

Broadening 3Rs Support

We create a community that is knowledgeable & supportive of the 3Rs through our 3Rs certificate course, compassion fatigue resiliency & culture of care resources, and continuing education on the 3Rs.

Advancing Critical 3Rs Tools

We advance broad implementation & regulatory acceptance of evidence-based, impactful 3Rs tools such as microphysiological systems, artificial intelligence, translational digital biomarkers, non-human primate refinement, refined mouse handling, and environmental health monitoring. All tools also improve science & operations.

Why Join Us

Engaged Network of 3Rs Leaders

Join and contribute an active community of 3Rs leaders that is passionate about developing and sharing innovative 3Rs solutions.

Demonstrate 3Rs Leadership

Gain year-round visibility & recognition of your organization's leadership in the 3Rs. Influence key-decision makers in the 3Rs space.

Elevate Your Impact & Ours

Join a collective voice advocating for the application of the 3Rs at a global scale. Our efforts help replace >9000 rodents each year & improve the welfare of many more animals!

Member Levels

Bronze (1k+)

- Logo on 3RsC website & presentations (>30/year)
- 3Rs support templates for internal/external stakeholders
- Join a paid initiative: MPS, TDB, AI
- Add-on joint webinar for 1k
- Add-on inclusion in tech hub for 1k (upcoming benefit)

Silver (5k+)

- Above, plus
- Logo in 3RsC newsletter
- Discounts on CE from 3RsC
- Exemplary Members: AbbVie, AstraZeneca, BioMere, FDA, Genentech, Rutgers

Gold (10k+)

- Above, plus
- Newsletter feature story
- 4 hrs consulting/training from 3RsC
- Exemplary Members: BMS, Novartis, Takeda, AltaSciences, CRL, GSK, Merck KGAA,

Platinum (20k+)

- Above, plus
- 8 hrs consulting/training
- Exemplary Members: U of Washington
